Dockets Management Branch (HFA-305),
Docket No. 98N-1038
Food and Drug Administration,
5630 Fishers Lane, Rm. 1061
Rockville, MD - 20852

To Whom it May Concern:

I am writing in regard to the possible policy change about the labelling of irradiated food. It is extremely important to me that irradiated food continue to be labelled with the logo for irradiation and a statement that the product is treated with irradiation on both displays and retail packages. Whether or not the process has been deemed safe, I think it is important for consumers to know the choices they are making when they purchase food.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Arwen Wilder'.
